On November 7, 2016, Oracle completed the acquisition of NetSuite, the very first cloud company. In 1998, NetSuite pioneered the Cloud Computing revolution, establishing the world’s first company dedicated to delivering business applications over the Internet. Today, NetSuite provides a suite of cloud-based financials / Enterprise Resource Planning (ERP) and omnichannel commerce software that runs the business of more than 40,000 companies, organizations, and subsidiaries in more than 100 countries.

As a part of the PlanSource suite of HR product offerings, NetSuite provides a human capital management platform to streamline human resources departments. With near real time demographic, payroll and benefits administration integration, PlanSource and NetSuite can help streamline your HR experience for administrators and most importantly employees.

PlanSource is a technology company driven to create a better benefits and HR experience for employers and their employees. We offer flexible and intuitive software for benefits administration, insurance exchanges and human capital management. Our complete cloud-based technology helps employers with benefits shopping, enrollment, billing, compliance and administration.
