What is COBRA?
So, why are we even talking about this? COBRA requires that group health plans sponsored by employers with 20 or more employees in the prior year offer employees and their families the opportunity for a temporary extension of health coverage in certain instances such as voluntary or involuntary job loss and other life events. Passed into law in 1986, COBRA provides a guide for how employees and dependents may elect continuation coverage.

What’s Included?
Because COBRA is seamlessly integrated into PlanSource, we’re providing you a full picture of who is in the benefit plan and who is subject to COBRA requirements.
