

PlanSource QuickConnect Partner

Cancer Guardian empowers employees to identify their genetic risk in advance and address the challenges presented when dealing with cancer. Cancer Guardian solves the problem of awareness, access and affordability to services that can help improve prevention and survival.

Together

As a QuickConnect partner, Cancer Guardian provides employees access to a transformative benefit that can enhance prevention and survival. Cancer Guardian is available within PlanSource's modern and intuitive benefits administration platform. Cancer Guardian provides employees affordable access to Advanced DNA Testing, technology, and dedicated Cancer Support Services.

PLANSOURCE[®]

PlanSource is a technology company driven to create a better benefits and HR experience for employers and their employees. Nearly 3.5 million consumers receive their benefits through the PlanSource platform, which provides flexible and intuitive software and services for benefits administration and human capital management. By combining industry-leading software and a full suite of professional services, PlanSource provides companies of all sizes with a complete solution for benefits shopping, enrollment, billing, compliance and administration.

Why It's Important

Empower Your Employees

Introduce employees to a benefit that can empower them to identify their hereditary risk and improve their ability to be proactive and preventative

Provide an Innovative Benefit

Genetic testing is an innovative benefit that can enhance the overall health and wellbeing of your employee population, and enhance their ability to fight cancer

Dedicated Employee Support

Provide your employees access to clinical-grade genetic testing and licensed genetic counselors

Save Employees Money

Cancer is the #1 high-cost insurance claim for self-insured employers, deliver a creative cancer-specific solution for your employees that can help them save money

Employees Benefit

Employees and immediate family members are able to use a cancer information line at any time, for cancer-related questions, risk-mitigation strategies and caregiving guidance

If you are diagnosed with cancer, you are assigned a dedicated specialist to support you through your cancer journey and enhance your healthcare literacy

Easy to use technology that gives you and your family members access to a secure, cloud-based solution for storing and transmitting medical records for any condition, at any time

Participants receive immediate access to hereditary genetic screening upon enrollment which provides individuals with insights into their genetic risk for cancer

If you are ever diagnosed with cancer, you will have access to advanced DNA testing (typically not included with insurance) of the cancer which can help your doctor identify the most effective treatment options
