

EMPLOYEE COMMUNICATIONS

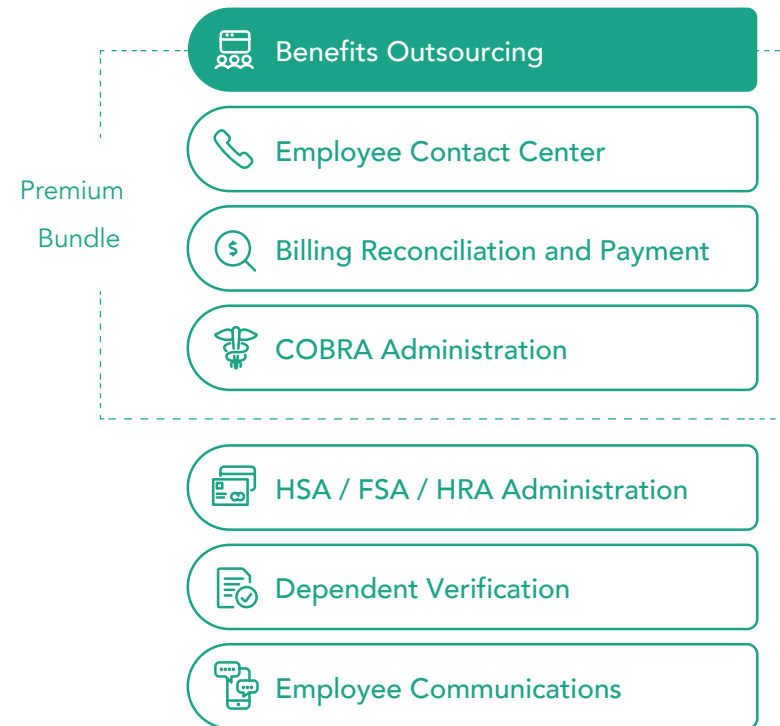

Software + Services = A Better Benefits Experience

At PlanSource, we believe that the best way to build a better benefits experience is by combining best-in-class software with a range of high-touch benefit services. This simple equation provides brokers and employers with a complete solution that can help busy HR departments work more efficiently and focus on strategic initiatives rather than tedious tactics.

Employee Communications

PlanSource gives you everything you need for communicating with your employees about benefits. With a team of communication experts, PlanSource helps you create a strategy that is tailored to the needs of your various employee groups. When employees have a better understanding of the benefits you offer them, they have a stronger connection with your company.

PlanSource Benefits Services

Why Go Digital?

Save Money

Manual processes and procedures are expensive from both a physical resource and human capital perspective.

Reduce Errors

Automation eliminates costly administrative errors and ensures your employees have coverage when they need it.

Engage Employees

Communication tools make it easy to engage with employees, and mobile-friendly shopping gives the experience they expect.

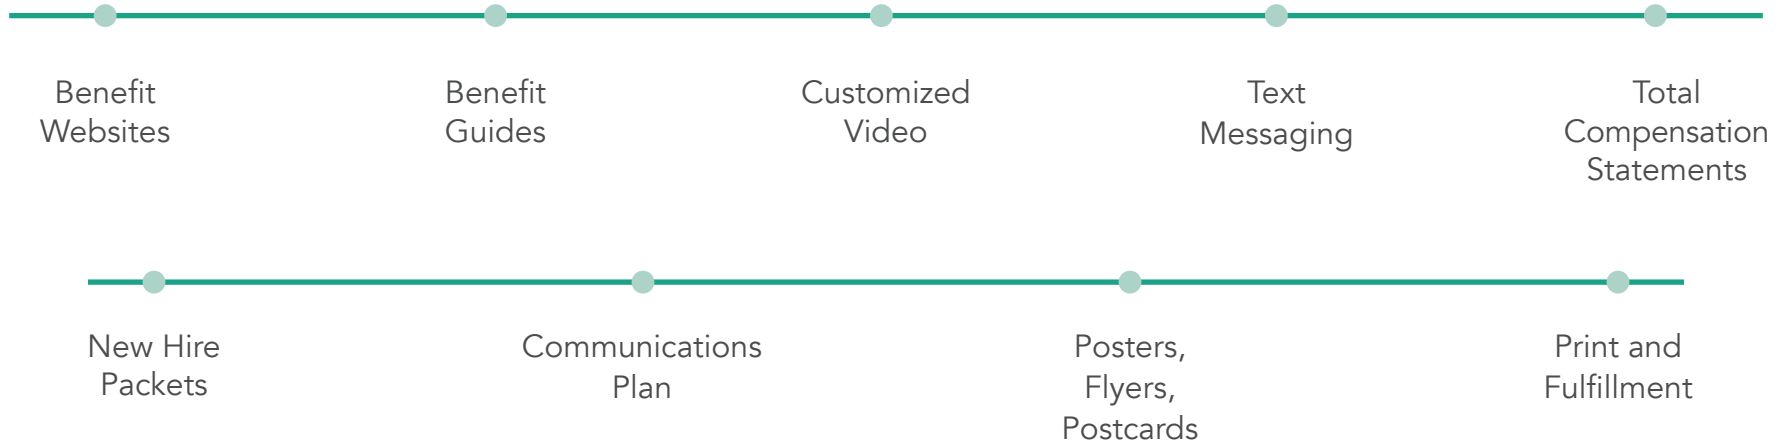

Maintain Compliance

Keeping up with compliance is hard via paper. PlanSource provides tools for ACA reporting, COBRA and more.

Gain Efficiencies

Eliminating manual processes allows your HR team to focus on other activities, like attracting and retaining the best talent.

What We Do

“

Couldn't ask for better partners when it comes to communications! PlanSource is always able to take our thoughts and visions and bring them to life in communications that exceed our expectations. They never disappoint.
