## **HELPFUL HINTS**

- You must have funds in your HSA before you can spend them.
- You own the HSA, which means the money in the account is yours to keep and stays with you, even if you change medical plans or leave your employer.
- Withdrawals for qualified healthcare expenses are never taxable.
- Unused funds roll over, year to year.
- Once your account balance reaches \$1,000 you can invest funds above \$1,000 and accelerate your account savings.
- While your HSA funds are intended for healthcare expenses, once you reach 65 you have the choice to use your account for any purpose, without penalty. You will just owe income taxes on withdrawals for non-qualified expenses.
- The easiest way to manage your account is online at <a href="https://plansource.wealthcareportal.com/Page/Hom">https://plansource.wealthcareportal.com/Page/Hom</a>
   or through the My Benefits Account Mobile App.
