

## PlanSource | Partner Marketplace

**A curated list of best-fit partners designed to maximize HR efficiency, and employee engagement and plan participation.**

When it comes to your benefits package, one size doesn't fit all. With 4 generations in today's workforce, there are different needs across every company's employees. Employers need to expand and diversify their benefit offerings to attract and retain the best talent. With our Partner Marketplace, you gain access to valuable add-on benefits that you can offer your employees from women's health to legal to financial wellness, and more. Explore the options and get started on a new plan design today.

### THE BASICS OF PARTNER MARKETPLACE

Benefits and solutions that are impactful to the employee experience and improve talent retention and acquisition

Simplified benefit selection process via pre-vetted providers whose solutions integrate right within the PlanSource platform

Templated implementation and file delivery for expedited set-up and data exchange between PlanSource and our partners

Auto-registration capabilities to increase adoption and utilization

Optimized employee shopping experience to drive engagement

### BEYOND YOUR EVERYDAY BENEFITS

PlanSource currently partners with employer benefit solutions across forty vendor categories such as healthcare navigation, mental well-being, women's health, disease management, pet insurance, identity protection providers and more, to provide a seamless experience to their customers.
